

Your Vision Is Our Goal

The logo for 'absorbeze' is displayed in a blue, lowercase, sans-serif font. The letter 'o' is replaced by a stylized water droplet icon. A registered trademark symbol (®) is located at the top right of the 'e'. The logo is centered within a white rectangular box that is semi-transparent, allowing the background image of a lake and mountains to be visible through it.

## Superabsorbent Liners

### Many aqueous fluid applications include (but not limited to):

- Containment of fluid in pockets of Theatre Operating drape
- Inside kidney bowls for aspirations
- Under surgical instruments
- Blood spillages when inserting needles
- Cataract operations to contain irrigation fluid
- Wiping up spillages
- Potties and commodes

One liner can absorb 350ml of urine.

\*Must not be disposed of down the toilet. Use suitable waste collection.
