

ENVIRONMENTAL POLICY

(LSAS005)

ProSys International Ltd is an independent manufacturer of medical devices. The management and employees, who work at ProSys, are committed to the care of our environment and, the prevention of pollution.

Our dedication to the environment includes complying with the requirements of the international Environmental Management System Standard, ISO 14001:2015.

The objective of this policy is also to provide a framework for continual and measurable improvement of our environmental performance. We will ensure that our environmental policy and details of our accomplishment, are distributed to all employees and, that this policy publicly available.

ProSys complies with customer requirements & other voluntary obligations, along with relevant environmental legislation. When applicable, we regularly identify, measure and review our environmental affects and, set appropriate objectives and targets for environmental improvement.

ProSys seeks to influence our suppliers and contractors to conserve energy, water, use polymers, packaging and natural resources, whilst continually providing products that satisfy market demands.

We seek to reduce waste through recycling product components; to encourage the manufacturers and suppliers we purchase from, to develop environmentally friendly goods and services at competitive prices; to improve our material selection capabilities which offer environmental benefits such as giving greater strength and longevity; to influence our customers to source environmentally responsible products and implement environmentally sound processes.

In addition, we will continually improve our environmental performance by training and motivating our staff to work in an environmentally responsive manner; to enhance product designs to minimise the use of polymers and other scarce resources used in production of our products and, to reduce pollution.

At ProSys International Ltd, we think globally and act locally, to ensure our environmental probity.

This Policy is reviewed annually

Signed

Managing Director
