

Your Vision Is Our Goal

SonoEye Vet

SonoEye Vet Ultrasound Device

Fast, flexible and easy to assist
diagnosis at the point of care.

ProSys
International Ltd

SonoEye Vet handheld ultrasound

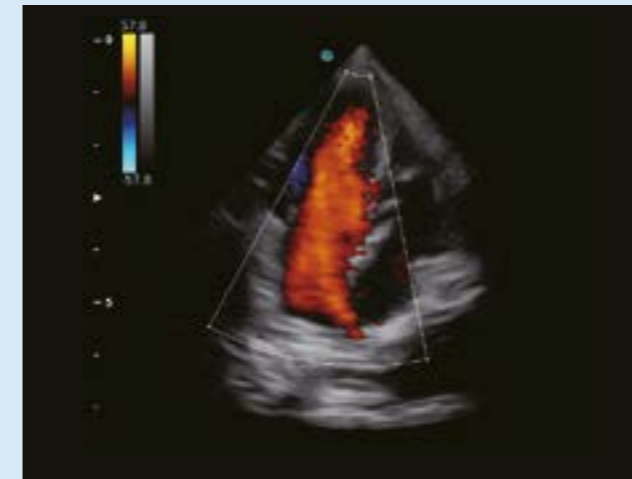

☑️ Lightweight | 💧 Waterproof | 👉 Thumb-play | 🏠 Portable

This cost effective solution, with no additional costs, gives you access to advanced ultrasound techniques at the point of care.

The adaptable, portable, design works on any device; whether a tablet or mobile phone, making it possible for veterinarians to support animal patient to patient measurements any time, anywhere. SonoEye provides excellent scanning experience for animals of different species.

- **Half the weight of a modern smartphone, SonoEye features a compact, highly integrated design that is easy to hold.**
- **SonoEye is waterproof and can be safely cleaned and sterilised to assist infection control.**
- **Cost effective solution with no additional costs.**
- **With simplified workflows SonoEye is easy to use on your smartphone or tablet; either IOS or Android. One touch can start and finish an ultrasound exam.**
- **SonoEye, integrated with the latest technology, can provide multiple solutions for the scanning of different species:**
 - **Feline**
 - **Equine**
 - **Canine**
 - **Other Species**
 - **Ovine**
